

San Juan County Criminal Justice Training Authority

San Juan County Criminal Justice Training Authority (SJCCJTA) is a consortium of the city and county governments of San Juan County and the New Mexico State Police, created to address the training needs of all public safety employees in the county. Employees of non-CJTA member agencies are welcome to attend our training as well, for a small tuition fee. All the participating agencies are bound by a joint powers agreement and each contributes cash, physical fitness facilities, equipment, and/or personnel to our operation.

The SJCCJTA training facility is located at Safety City; a 44-acre property west of Farmington. Our facility houses two (2) pistol ranges / rifle range / 360 range, a multiple path driving track and skid pan along with two (2) trailers for Reality Based Training. The training facility also houses three classrooms, a gym and a fitness room.

BASIC ACADEMY

Our Basic Police Officer Training is a 800+ hour program that is conducted over approximately a 23 week period. Students begin class at 0700 hours and are dismissed at 1600 hours, Monday – Friday, although there are some nights and weekends required throughout the program.

Based on our regional law enforcement needs the SJCCJTA’s Basic Police Officer Training Academy will be offering 80+ hours of additional post academy training (which is optional for outside agencies), such as *Patrol Rifle and Shotgun, Active Shooter, and Laser/Doppler Radar*. In addition to their Basic Police Officer Law Enforcement Certificate, they will receive a Police Science Certificate issued by San Juan College.

Most of our students are those who have already been employed by a police department and are sent here to be trained and certified prior to being assigned to the street as patrolmen. It is possible for individuals to sponsor themselves in the program, but they must meet the same testing criteria and pass the same background investigation as a police officer applicant to be admitted. Additionally, the individual would be responsible for all tuition and fees associated with the program. If you’re interested in sponsoring yourself, email your contact information to sjccjta@gmail.com for more information.

The Learning Blocks of Instruction covered during a police cadets training while at the academy are regulated by Title 10, Chapter 29, Part 9 NMAC. 10.29.9.8 NMAC sets the following Blocks of Instruction as a minimum standard. They are:

- Block 1: Introduction to the Academy
- Block 2: Introduction to Law Enforcement in New Mexico
- Block 3: Physical and Emotional Readiness
- Block 4: Laws and Procedures
- Block 5: Patrol Procedures and Operations
- Block 6: Principles of Criminal Investigation
- Block 7: Motor Vehicle Law Enforcement
- Block 8: Motor Vehicle Collision Investigation
- Block 9: Crisis Intervention
- Block 10: Domestic Issues
- Block 11: Report Writing
- Block 12: Defensive Tactics / Handling Arrested Persons
- Block 13: Case Presentation
- Block 14: Operation of a Patrol Vehicle
- Block 15: Basic Firearms
- Block 16: Administrative
